

To whom it may concern;

It is with pleasure that I recommend Robin Tharle as an Athletic Therapist and Trainer for any Elite Sports program. Robin has been an Athletic Therapist for the Canadian Athletic Club for several years, assessing injuries of our Athletes and providing the rehabilitative techniques to reintegrate our players safely back into their high level of hockey performance.

More recently Robin has been asked to restock our Trainers' Bags with the appropriate medical supplies and make sure that the supplies are within their expiry dates.

Robin has always shown a high level of knowledge for the assessment, prevention, immediate care, and reconditioning of our hockey player injuries.

It is important to gain the respect and confidence of not only the organization but also the coaches and players. Robin has done this as a leader and instructor to the other Trainers. Robin has made the difficult decisions to either return the player to play or remove them for the appropriate therapy and follow up assessment.

Robin will excel in any environment that can use her knowledge and expertise as an Athletic Therapist.

Yours truly,

Brian Wright
